

86mm x 86mm 2-Port Stainless-Steel Wallplate

APPLICATION

Leviton 86mmx86mm 2-Port Stainless-Steel wallplates offer field-configurable flexibility, and accept QuickPort® snap-in connectors and adapters to support a variety of commercial and residential applications. Use different colored QuickPort connectors and adapters for easy port identification. They are designed for installation in electrical boxes conforming to British standards, BS 4662 for flush-mount electrical boxes and BS 5733 for surface-mount electrical boxes.

SPECIFICATION

86mmx86mm stainless-steel wallplates shall be field configurable, and accept QuickPort snap-in connectors and adapters to support commercial and residential applications. Each wallplate shall have a brushed stainless-steel finish.

FEATURES

- Compatible with all individual QuickPort connectors and adapters
- Individual port configurability allows specification flexibility
- Brushed stainless-steel finish
- 86mm x 86mm size conforms to BS 4662 and BS 5733 electrical box standards

DESIGN CONSIDERATIONS

- For future expansion, install blanks (41084-BxB) in unused ports
- To identify ports, use different colored connectors for each application, or Leviton pre-printed Port Designation Labels (51084-xLB or 41080-LEB)
- Fits British standard single-gang back boxes

STANDARDS COMPLIANCE
