

Overview

Velocity® Cable Management is an economical cable management solution for everyday use in telecommunication rooms, equipment rooms and lab spaces. Perfect for creating a complete vertical pathway for premise cabling and patch cords on CPI Rack Systems.

Features & Benefits

- Tool-less snap together assembly is simple and quick
- Compact packaging saves on shipping, uses minimal storage space and makes carrying it a one-person job
- Large cross-section provides abundant space for cables
- Openings on side of manager align with rack-mount units
- T-shaped cable guides organize cables by rack-mount unit
- Snap-on covers secure and protect cable (included)
- Optional Cable Spool Kit, Cable Ring Kit and Cable Lashing Bar provide additional cable management
- Velocity Vertical Manager is available in three heights, four depths
- Patented

Velocity Double-Sided Vertical Cable Manager
